AND POLLUTION PREVENTION

December 14, 2016

Erika Madden  
EPA Regulatory Specialist  
Suncoast Chemicals Company  
6385 150<sup>th</sup> Avenue N.  
Clearwater, FL 33760

Subject: Label Amendment – Adding marketing claims and  
Updating the company’s address to the master label  
In addition, updating the Basic CSF, dated 12/14/16  
no changes on the formulation, administrative changes only.  
Product Name: ALGAECIDE 30  
EPA Registration Number: 46043-24  
Application Date: September 15, 2016  
Decision Number: 521719

Dear Ms. Madden:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process.

Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Lorena Rivas by phone at 703-305-5027, or via email at [rivas.lorena@epa.gov](mailto:rivas.lorena@epa.gov).

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy". The signature is written in a cursive style and is positioned above a faint, light-colored rectangular stamp or watermark.

Jacqueline Hardy, Product Manager (34)  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Enclosure: Approved Label

## ALGAECIDE 30

### ALGAECIDE FOR SWIMMING POOLS & SPAS

**Active Ingredient:**

Poly[oxyethylene(dimethyliminio)ethylene  
(dimethyliminio)ethylene dichloride].....30%

**OTHER INGREDIENTS:** .....70%

**TOTAL**..... 100%

### KEEP OUT OF REACH OF CHILDREN CAUTION

See [First Aid and] Other Precautions on back panel.

Net Contents \_\_\_\_\_

#### DIRECTIONS FOR USE:

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

**Algaecide 30** is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, [decorative fountains and ponds that do not contain fish]. For maximum effectiveness pools, spas, whirlpools, and hot tubs, [decorative fountains and ponds] containing heavy growth of algae should be cleaned prior to using **Algaecide 30**. For pools having just visible algae growth add an initial dose of 24 to 32 fluid ounces of **Algaecide 30** per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 13 to 24 ounces of **Algaecide 30** per 10,000 gallons of water. Subsequent additions of 4 to 9 fluid ounces of **Algaecide 30** should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, and hot tubs, [decorative fountains and ponds] having just visible algae growth require an initial dose of 2 to 4 ounces of **Algaecide 30** per 1,000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of **Algaecide 30** should be made every 5 to 7 days after initial treatment for maintenance.

**Algaecide 30** will prevent growth of most algae during the off-season winter months when pools are not in use. For pools, which have been properly treated during the swimming season and are free of visible algae, add 13 to 21 fluid ounces of **Algaecide 30** per 10,000 gallons of water. If at the end of swimming season pools have some visible algae growth, add 25 to 32 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of algaecide, throughout the water and the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

**Algaecide 30** is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. **Algaecide 30** can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **Algaecide 30** with concentrated dry or liquid chlorine products.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation. Do not get in eyes or on clothing. Wear protective clothing and rubber gloves. Harmful if inhaled. Avoid breathing vapors. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

<b>FIRST AID</b>	
<b><u>IF IN EYES:</u></b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b><u>IF ON SKIN, CLOTHES:</u></b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b><u>IF SWALLOWED:</u></b>	<ul style="list-style-type: none"> <li>• Call poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b><u>IF INHALED</u></b>	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>• Call a poison control center or doctor for further treatment advice.</li> </ul>
<b><u>HOTLINE NUMBER</u></b>	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact [ <b>1-800-255-3924</b> ] for emergency treatment information.	
<b><u>NOTE TO PHYSICIAN:</u></b>	
Probable mucosal damage may contraindicate the use of gastric lavage.	

## ENVIRONMENTAL HAZARD

{For less than 5 gallons:} [This pesticide is toxic to fish, aquatic invertebrates, and clams.]

{For 5 gallons and larger:} [This pesticide is toxic to fish, aquatic invertebrates, and clams. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.]

## STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Keep container closed when not in use. Leaking or damaged containers should be placed in plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

**Pesticide Disposal:** Pesticide Wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or wrap container and place in trash.
